[Coupons.com Incorporated](#) and [KaBOOM!](#) are leading in the construction of a playground and playspace for the students at Roses in Concrete Community School. "America's kids are playing far less than any other previous generation, with only one in four children getting the recommended 60 minutes of physical activity or active play per day," said Darell Hammond, CEO and Founder of KaBOOM!. "We are thrilled to partner with Coupons.com and Roses in Concrete to give students the balanced and active play they need to thrive." This playspace will provide a true childhood experience to many children living in poverty who often wouldn't otherwise have such an opportunity.
